

Scout Leader Was Kiwanis Speaker

GAVE RESUME OF BOY SCOUT ACTIVITIES

Grayling Kiwanis club is sponsoring the Boy Scout organization and Frank Bond, scout master, Wednesday gave a resume of the activities of the scouts during the summer months.

It was very interesting to the members to listen to Mr. Bond's account of the way the kids got started in scout work. Before the season ended these youngsters had learned to do a commendable lot of outdoor work such as camping, cooking, woodcraft, and a lot of other activities. The youngsters who spoiled three perfectly good eggs before he learned how to break them into the frying pan, now does the job without any spoilage. And other activities, he intimated, showed decided competence under proper instruction as the time passed.

The group had several supper hikes and a few over-night hikes, and it was great fun, even though at times the rains were not so inviting.

Mr. Bond devoted much of his time to the boys during July and August. When the first call went out for members, ten boys responded. Since that time six more have been added to the troop and it is the desire of Mr. Bond to have an enrollment of 32 members by next summer. Reorganization of the Scout Bugle corps will be started soon.

Mr. Bond has been doing excellent work with the Scouts and the members of the Kiwanis club feel that they are very fortunate in securing his services. The boys are in good hands and under an influence that bespeaks splendid ideals. Parents should want their sons to join the Boy Scouts for it's probably the finest boys organization in the world.

President Clippert stated that the American Legion is starting an activity that is to promote better citizenship. Next week is "Constitution Week" and Kiwanians everywhere are having it a part of their week's program.

DANISH LADIES AID GIVES COFFEE PARTY

To honor Mrs. R. Hanson, who was celebrating her ninetieth birthday on Saturday, the Danish Ladies Aid entertained with a coffee party Friday afternoon.

Following a short program of songs, lunch was served to some twenty-five ladies. In the center of the table was a birthday cake surrounded by candles. Bouquets of flowers also decorated the tables.

Mrs. Chris Johnson, president of the Aid, had charge of the affair and it was one of the most pleasant occasions of the year. On Saturday Mrs. Hanson received a bouquet of beautiful roses from the Aid as another reminder of the day.

Notice

The party who took tire and wheel from my car at the dance at Camp 672 on Aug. 31st is known. However if property is returned at once no questions will be asked.

MRS. R. HANSON CELEBRATES NINETIETH BIRTHDAY

It was with real appreciation and pride that the children, grandchildren, and great grandchildren and friends of Mrs. Rasmus Hanson gathered Saturday to congratulate her on ninety years well spent, of which 57 years were spent in Grayling, where she is loved by the entire community.

At noon a dinner was served to the family at the dining hall at Lake Margrethe. Places were arranged for seventeen guests.

In the afternoon, Mrs. Hanson, assisted by her family, Mrs. Henry Bauman, Mrs. Margrethe Graham, Mr. and Mrs. Oscar Hanson, Mr. and Mrs. Esbern Hanson, received old friends and neighbors as they gathered to extend felicitations and best wishes for many happy returns of the day.

The rooms throughout the Hanson home were filled with beautiful flowers that had arrived from relatives and friends. One outstanding floral piece from the Pochelon family of Detroit, was centered with a huge candle on the upper half of which was the date 1845 and on the lower half 1935. Surrounding the upper half were bright fresh flowers and at the base were everlasting flowers. It was very attractive. Mrs. Hanson wore a shoulder bouquet of orchids, one of many floral gifts from her children.

Throughout the afternoon tea was served in the dining room. The long table, covered with an exquisite cloth, was centered with a large beautiful pink and white birthday cake, which was a masterpiece in culinary artistry, encircling it were 90 lighted candles. It was flanked by pink tapers in silver candlesticks. A second birthday cake, from the "Sisters of Mercy" also graced the tea table. Mrs. Esbern Hanson and Mrs. Walter Woodson of Salisbury, N. C., presided at the tea and coffee urns. Miss Margrethe Bauman and Mrs. Helen Rautier also assisted in the dining room.

Congratulatory telegrams and cards were received at intervals through the day. Mr. H. W. Wolf of New York extended his felicitations in a ninety-word telegram which were beautifully expressed.

Those present from out of town were: Rev. and Mrs. Kjolhede of Grant; Mrs. Carrie Jensen and Mr. Holger Hanson, Ypsilanti; Mrs. Helen Rautier and son Ralph, Detroit; Mrs. Walter Woodson and daughter, Grace Matilda, of Salisbury, N. C.; Mrs. Rasmus Bay of Corvallis, Mont.; Mr. and Mrs. Russel Pope of Bay City; Mr. and Mrs. Halford Kittelman, daughter Kathryn Ann, Chicago; Misses Ella and Margrethe Hanson, Lansing, and Esbern Hanson, Jr., of Crystal.

ONE OF MICHIGAN'S BIGGEST THRILLS

Michigan is endowed with pleasure possibilities not to be found in any other state in the union. The writer reflected considerably on this fact this week when we drove to Grayling and floated for 50 miles down the turbulent and beautiful AuSable River. It's an experience one will never forget.—Joe Haas in Holly Herald.

Mich. Taxpayers Lick Depression

The successful State drive to collect delinquent taxes which ended September 1 is final proof that Michigan has shaken itself free of the depression's last doubts and uncertainties in the opinion of Harry S. Toy, Attorney General.

"Final figures for August collections of back taxes from virtually every county in the state show tremendously increased payments," Toy said. "It is the first convincing evidence I've seen that people are at last willing to bank on what the future holds."

"For some time we have been seeing bigger crowds at the theaters, at the beaches, or out to watch the Tigers. We've been told that more clothes are being bought, that more books are being sold. Feeling better, the people have been making money and spending it more freely."

"But, in spite of this, there has been little to indicate that the public has been looking to the future in faith and confidence. Until very recently, new building construction, new business enterprises and purchases of real estate have continued close to zero. These are criteria of the public confidence in business prospects."

"Now, however, the log jam of fear has been broken. Thousands of home-owners have cleaned up most of their overdue taxes. Real estate companies and banks have paid delinquencies on properties they hold. The public has proved it believes in Michigan and is convinced of its stability in the years to come. I look for this new confidence to accelerate the processes of real recovery."

Toy pointed out that when Michigan was undergoing its great industrial expansion and people were coming here from all over the country, the percentage of families owning their homes decreased. "Newcomers did not feel sure enough of their future to tie themselves down to the land," he declared. "As Michigan's expansion continued and confidence grew, home ownership again increased. This has been true throughout our history. When the people of a state put their hard earned cash into homes, that state is headed for well founded business improvement that portends rock-bottom prosperity for its people."

Toy was one of those principally responsible for the State delinquent tax campaign. He urged the move on the State Administrative Board. The Board was quick to approve the idea and set about the drive which has brought millions of dollars into the coffers of the treasuries of the state, county and local governments.

Two Otsego Co. Residents Sued

Two Otsego residents, Richard Grand and Mrs. Richard Grand, are named as defendants in a \$100,000 suit in district court, Bay City, brought by William C. Pobur and Olga F. Pobur, Detroit, as guardians of Eileen Beryl Pobur and Nadine Nina Pobur, minors. Service was made this week by Milton L. French, deputy United States marshal.

This suit is growing out of the auto crash that occurred in Grayling the latter part of July, 1934, when five young ladies were injured, two of whom were the Pobur girls. Also Miss Jean Peterson and Miss Vivian Dawson of Grayling, and Miss Wickes of Higgins Lake. Miss Peterson and Miss Nadine Pobur were the most seriously injured. The crash came after Miss Peterson, who was driving her car, made the usual stop at US-27 at Michigan avenue and starting across the highway, a car coming from the south and driven by Richard B. Grant of Vanderbilt crashed into them.

Exhibits Will Feature At Oil And Gas Show

Complete Story Of Production To Be Graphically Presented At State's New Industrial Exposition

Mt. Pleasant, Sept. 9—More than 65 exhibitors from every section of the country will take part in Michigan's first annual Oil and Gas Exposition, September 23-28, it was announced by exposition officials here this week.

Michigan, already "oil conscious" for many months, was stirred again during the past few days with the completion of seven more large wells in the Crystal-Ferris field, and the tapping of new gas fields which promised to advance Michigan even nearer the top in the producing states east of the Mississippi.

The oil fraternity is preparing to present in this its first Michigan exposition, a complete and concentrated picture of the state's rich new industry, designed to inform and entertain, and to carry to every person the story of Michigan crude oil and the Michigan gas fields.

RALLY WEEK AND LOYALTY DAY AT MICHELSON MEM- ORIAL CHURCH

The Michelson Memorial Church will observe Rally Week from September 30th to October 6th. During this week the church will launch out on the work of the new year. During Rally Week there will be special activities in which every organization will have a part.

The Church School, the Ladies' Aid Society, the choir, the Epworth League and various classes will hold special meetings. Announcement of these will be made in this paper next week.

Rally Week will climax its program by a special service on Loyalty Day, Sunday, October 6th, to which worship service the civic and religious organizations of the community are cordially invited.

MILLER-LIETZ

Mr. and Mrs. Roman Lietz announce the marriage of their youngest daughter Miss Helen to Mr. James Miller, that took place recently. It was in the late afternoon of August 8th that the young couple hid themselves to Potoskey and were married by Rev. Fr. Donulus of St. Francis Xavier church. They were unattended.

The bride is one of Grayling's charming young women, so much so that during her senior year at Grayling High she was chosen snow queen to rule over the very successful Winter Sports carnival of 1930. It will be remembered she made a very lovely queen. Both Mr. and Mrs. Miller were born in Grayling and were graduated from Grayling high school, and the bride is also a graduate of Mercy Hospital of Bay City. They will reside in Vanderbilt and carry with them congratulations and best wishes of hosts of friends.

ATKINSON-SWANSON

At a very pretty wedding, which was solemnized Saturday, Sept. 7th, at Detroit, Miss Elizabeth Swanson became the bride of Mr. Alex Atkinson, son of Mrs. Fred Tatro. The bride chose pale blue for her gown and was attended by Mrs. Jack Rice of Detroit. Mr. Rice attended the groom.

The bride is a graduate of Grayling High school, in the class of 1931, and has lived in Grayling most of her life. The groom has also spent most of his life in Grayling and has been employed at Alfred Hanson's garage for several years.

Mr. and Mrs. Atkinson are making their home with Mr. and Mrs. Tatro for the present where they are at home to their friends.

Burial Places

General Lee's body was interred in the chapel of Washington and Lee university, Lexington, Va. Jefferson Davis is buried in "the cemetery of the Presidents," Hollywood cemetery, Richmond, Va. which contains the graves of Presidents Monroe and Tyler.

Legion Jottings

Last Thursday evening the Drum & Bugle Corps paraded the down town district headed by the mascot cub bear, G. A. L., going to the new restaurant managed by Orel "Blackie" Levan. They played several selections for him as he is a member of the Corps, and he in turn served light refreshments to all the boys. Thanks, "Blackie", and the corps sure wishes you success in every way. Before the evening ended the corps serenaded all other places that were open.

Monday evening, owing to extensive business the Post had to transact, the practice was postponed until Tuesday evening, when the boys paraded and drilled out on Michigan Avenue.

There will be practice and drill Thursday and Friday nights and each and every member is requested to be present.

Monday evening the Post held their installation of officers and then held an extensive business session under the supervision of our new Post Commander, John Erkes, and 10th Dist. Committeeman, Alfred Hanson. The following officers were duly installed for the ensuing year:

Post Commander—John Erkes.
Vice Commander—Earl Woods.
Chaplain—Wm. Huddleston.
Finance Officer—Wilfred Laurant.
Sgt. at Arms—Charles Tinker.
Welfare Officer & Historian—Earl Hewitt.

Monday, Sept. 16 will be an unusually busy day and evening in our city as Legionnaires and Auxiliary members of the American Legion from the entire 10th District are to hold their convention here. The early part of the day will be given over to welcoming of guests and talking over business, and at 5 p. m. there will be a business meeting at the Courthouse in the court room, while the Auxiliary will hold their business session at the Hall at 5 p. m. At 6:30 p. m. there will be a parade from the Legion hall to the banquet hall. All members of the American Legion and Auxiliary are invited to march in this parade. The banquet will be served at the Board of Trade rooms over the Hanson Hardware store followed by a program and 10th District ball, and serving of light refreshments at the Officers Club at the Michigan National Guard camp grounds. We assure our visitors a hearty welcome and good time.

All members of Drum & Bugle Corps be on hand at Legion hall Monday evening at 6 o'clock in full dress uniform, for parade. This means everyone.

Windstorm Insurance Shows July Gains

Windstorm Co. Agents Have
Added New Policies Total-
ling \$5,690,240.

The agents of the Hastings Windstorm Insurance Company during July added \$5,690,240 in new insurance to the growing volume of that company's insurance risks. When it is considered that July is ordinarily a dull month for getting new policies, it can be seen that this is a splendid record. Farmers were very busy during July; and it is among the farmers that the great bulk of the Windstorm Company's insurance is secured. This splendid increase in volume of business of this big and successful insurance company during one of the busiest seasons of the year speaks more eloquently than words of the standing of the company throughout the state.—The Lowell Ledger.

CHURCHES TO OBSERVE
LOYALTY DAYS

The churches and synagogues of the United States are to observe Loyalty Days, October 5th and 6th. This is part of the Religion and Welfare Recovery program launched a year ago.

The concerted effort on the part of pastors, priests, and rabbis calls on all church members and sympathetic citizens to rededicate both life and substance to the service of God and their fellow-men, and to recognize that the recovery of material wealth and prosperity will avail little without sound foundations of religious faith and unselfish moral purpose.

It is recognized that the world is passing through one of the greatest changes in history. There is a growing conviction that the great scientific, economic and social developments of the times may prove of doubtful permanent value unless there can be commensurate strengthening and development of the moral and spiritual resources of the nations.

The National Committee for Religion and Welfare Recovery as a result of seventy-one meetings and conferences, representing protestants, catholics, and Jews, have adopted a calendar of activity which will carry through the coming months. The Loyalty Days program is part of the general plan.

Every citizen of every community is urged to attend divine service on one of these loyalty days. The Christian churches are to observe the day on October 5th and the synagogues will observe the fifth.

The co-operation of all groups and organizations—the Rotary, Kiwanis, Lions, Civitan and other luncheon clubs, women's clubs, Chambers of Commerce, Boy Scouts, Girl Scouts, Camp Fire Girls, etc., is sought by the leaders of the National Committee for Religion and Welfare Recovery.

Plans are under way for the observance of Loyalty Day, on October 6th, in the city of Grayling.

Mr. and Mrs. Earl Broadbent enjoyed a visit Tuesday and Wednesday from Mr. and Mrs. Ray Danger, of Paw Paw. The ladies are cousins and Mr. Danger and Mr. Broadbent are also cousins.

Word has been received from Henry Wylie, who made a very interesting trip to Oregon by motorcycle early this spring, saying that he has located at Grant's Pass, Oregon, where he has been fortunate enough to secure employment.

Of interest to their friends, will be the marriage of Mrs. Bernice Thompson and Stanley Madsen, which was solemnized last Friday at Detroit. Mr. and Mrs. Madsen spent the week end at the home of Mr. and Mrs. Ed Moore.

Mr. and Mrs. Joseph Pentrack, Mr. and Mrs. Arthur Clough and children, and Misses Marie and Donna Lee LaMotte returned last Wednesday from a vacation trip across the Straits. Mr. and Mrs. Pentrack left Tuesday for their home in Detroit.

Mrs. Levi Clark of Jackson, arrived Saturday to spend a few weeks visiting at the home of her parents, Mr. and Mrs. Dan Schofield. Mr. Clark, who accompanied her, returned home Monday.

Mr. and Mrs. Ben Pankow, accompanied by Miss Lavina Rood, attended the rodeo at Gaylord Sunday.

Celebrating the birthday anniversary of Earl Broadbent, a number of friends surprised him at his home, Tuesday evening. Various contests were played, with prizes going to Mrs. John Schofield, Hazel and Effie Hunter, Ben Pankow and Raymond Danger. A lovely lunch was enjoyed and Mr. Broadbent was presented with many lovely gifts.

Mr. and Mrs. Robert Richardson (Mabel Pankow) of San Francisco, Calif., write that recently they attended the picture "Call of the Wild" (the story written by Jack London) at a San Francisco theatre. Used as "drawing cards" were the two famous show dogs, the lead dog and the singing dog; both of which were used in filming the picture. Mabel was fortunate enough to have the honor of petting them. "The Call of the Wild" was shown at the Rialto this summer.

A party of Detroiters and Graylingites enjoyed their annual get-together party recently. Each year for the past five years they have met at the "Pull-over" on the AuSable for a farewell to trout fishing and to swimming. Always, they have a huge fire, plenty of refreshments, wienies spitting over the fire, songs and jokes. Finally in the wee sma' hours, they all leave, tired but happy and look forward to the next annual celebration. Those who enjoyed the outdoor affair were Mr. and Mrs. Albert Beckman, Carl Huska, Detroit; Mr. and Mrs. George Bielski, Mr. and Mrs. Joseph Bielski, Mr. and Mrs. William Wilson, Mrs. William Golnick and Mrs. Fred Carr.

The Twentieth Amendment
The Twentieth amendment to the United States Constitution abolishes the lame duck session of congress by changing the date of the first session after a congressional election to January 3 instead of the first Monday in the following December. It also changes the date of the inauguration of the President to January 20.

Question Box

By ED WYNN
The Perfect Fool

Dear Mr. Wynn:
I am an amateur actor, and last night our Dramatic club gave one of Shakespeare's plays, in which I played Hamlet. Every time I was on the stage the audience laughed out loud. How do you account for that when you know as well as I that Hamlet is not a funny character?

Truly yours,

- MANNY JER.

Answer: I know it isn't, but I guess the way you played it was.

Dear Mr. Wynn:
Why do some musicians close their eyes when they play?

Yours truly,

L. TROVATORE.

Answer: That is so they can't see the audience suffer while they are playing.

Dear Mr. Wynn:
I notice so many women keep money in their stockings, and every time they need it they lift their skirt, put their hand in their stocking and pull it out. What I want to know is: "How do these women get at their money when gentlemen are around them?"

Truly yours,

X. TREMITTES.

Answer: My dear friend, when there are gentlemen around, women don't have to get at their money.

Dear Mr. Wynn:
I am in a peculiar predicament, and hope you can help me. I have a \$10 bill which is counterfeit. One day I'll think it is all right and feel on the verge of passing it, and then on another day I'll think it isn't any good and make up my mind to tear it up. This has been going on for weeks and it worries me. What shall I do?

Yours truly,

I. M. A. FRADE.

Answer: The only thing for you to do is to wait until the day for thinking the bill is all right to come around, and pass it.

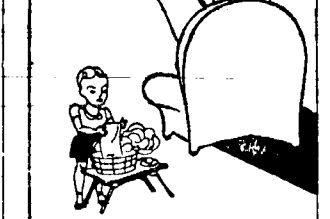

Dear Mr. Wynn:
Can you please tell me whether or not there is anything good for a snake bite besides whiskey?

Yours truly,

I. M. STUNG.

Answer: Who cares if there is? © Associated Newspapers. WNU Service.

Food Required by Snakes
The majority of snakes in captivity use live animals for food, and the kind of animals to be given depends on the size of the snake. Small garter snakes, blacksnakes and similar species thrive on crickets, beetles, small frogs, mice and the like. Bullsnakes, pine-snakes, puffing adders and other large-sized American species eat toads, frogs, mice and insects; pythons, boas, anacondas and very large snakes eat rats, guinea pigs, rabbits or other fairly good-sized animals.

Three-Piece Suit

A heather mixture of navy blue and tan alpaca tweed that looks like a hand knit is used for the skirt and jacket of this smart three-piece suit. The ribbed blouse, belt and pocket linings are navy blue. A cowhide buckle also features this ensemble.

Crucifix Tattooed on Face

This modern world still possesses Christian men who wear a crucifix tattooed on their face, such as the Chukchi of northeastern Siberia, and others who daily use the old Biblical salutation of kissing each other on both cheeks, such as the Bedouins of Syria and Arabia. Collier's Weekly.

BANKERS SUPPORT FARM COMMISSION

The Agricultural Commission of the American Bankers Association is promoting widely among bankers the practice of aiding their farm customers in installing on their farms better financial, accounting, and operating methods. It also cooperates in the endeavors of the state bankers' associations along similar lines.

The commission has published a book on "Making Farm Investments Safe," presenting a compendium of helpful material published over a period of years as a reference guide in the daily routine of banking and farming relationships. It has also published "Factors Affecting Farm Credit," discussing in an illustrative way how farm credit can be obtained on a sound basis.

Another publication is the monthly Bulletin of the commission which circulates to about 10,000 persons, among them the county agents throughout the United States, who make frequent use of the material and suggestions prepared by the commission. Likewise, the commission has appointed 2,300 key bankers covering every county in the United States, who act as focal points in their districts in fostering better understanding between bankers and farmers.

THE WORK OF CREDIT

Bank Shows How It Gives Needed Aid to All Classes of Prudent Borrowers

How a bank loan portfolio presents a graphic cross section picture of the business of its community is disclosed by the description which a midwestern bank recently gave of its loans to customers. It revealed also how closely interwoven with its neighbors' varied lives are the threads of the bank's financial helpfulness.

This description showed that the bank had made a loan of \$100,000 to a local shoe manufacturer to purchase materials, discount bills and meet current requirements.

To a wholesale grocer \$65,000 had been advanced for the purchase of inventory, the loan to be repaid over a period in accordance with specified terms set forth in the loan agreement.

Assistance in Personal Matters
Another loan had been made to a home owner to the amount of \$200 for painting and repairing. This was made in cooperation with the Federal Housing Administration and was being repaid in twenty-four monthly installments of \$8.33 each.

A dentist had been loaned \$300 to purchase new equipment. He was paying off the debt out of his professional earnings as they came in.

To a large domestic refrigerator distributor \$20,000 had been granted on warehouse receipts to finance dealer shipments.

A home owner had been granted a \$3,000 mortgage loan to be repaid in three years.

One thousand dollars had been advanced to an office worker on the cash surrender value of his insurance policy to aid him in meeting an emergency.

The National Total
If each of these various examples were multiplied many times the result would represent the total volume of credit cooperation which the bank was extending to its neighbors in its community, for aggregate loans to all its customers amounted to more than twelve million dollars.

If the typical examples here given were multiplied by many millions of times the result would represent the total economic cooperation which the banking system of the country as a whole is extending to aid the innumerable personal, professional, industrial and commercial activities which make up the whole business life of the nation. The nationwide total of such loans is in excess of 20 billion dollars.

Stars and Stripes Short Lived
Any patriot will tell you that "Old Glory" waves forever, but those more practical minded souls—the statisticians—know better. The national park service, which has charge of the flags that fly over most government buildings, estimates the life of the Stars and Stripes at six weeks in inclement weather and three months under clear skies.

City Council Proceedings

RECORD OF CITY COUNCIL PROCEEDINGS

Meeting held on the 3rd day of September, A. D. 1935, Grayling, Mich.

Meeting called to order by Mayor C. W. Olsen.

Councilmen present: Olsen, Sales, Jensen, Schoonover and Milnes. Absent: None.

Moved by Schoonover and supported by Milnes that the following resolution be adopted:

Whereas: The City Clerk, in conjunction with the members of the Council, has compiled an ordinance entitled "An Ordinance to Regulate the Sale and Distribution of Water in the City of Grayling," and

Whereas: This ordinance has been read in full at the regular meeting of the City Council on the 3rd day of September, 1935, now, therefore, be it

Resolved: That the said ordinance be, and hereby is, approved, accepted and adopted.

Passed by unanimous vote. It was moved by Sales and supported by Jensen that the following resolution be adopted as read:

Resolved: That pursuant to the authority granted by the City Charter, the Clerk be and hereby is directed to publish the accompanying digest of "An Ordinance to Regulate the Sale and Distribution of Water in the City of Grayling."

Passed by unanimous vote. Moved by Olsen and supported by Schoonover that the following resolution be adopted:

Resolved: That pursuant to authority granted by ordinance to this Council the following rates and charges for service from the Department of Water Supply be, and hereby are established, such rates and charges to take effect October 1, 1935:

Service Charges
Size of Meter Monthly Charge
1/2" x 1/2" \$0.55
1" x 1/2" .70
1 1/2" .90
2" 1.65
2 1/2" 2.65

Consumption Charges
For the first 3000 gallons per month .25 per 1000 gallons.
For the next 47000 gallons per month .15 per 1000 gallons.
For all over 50,000 gallons per month .12 per 1000 gallons.
Reconnection fees .75

Meter Deposits
Size of Meter Amt. of Deposit
1/2" x 1/2" \$5.00
1" x 1/2" .70
1 1/2" .90
2" 1.65
2 1/2" 2.65

Further be it Resolved: That meters be read by the representative of the Department of Water Supply on the first day of each month or as soon thereafter as is practicable and that statements be mailed to consumers forthwith.

Further be it Resolved: That the consumer be allowed a discount of ten percent of the amount of the service and consumption charges if such charges are paid on or before the twentieth day of the month.

Passed by unanimous vote. Moved by Schoonover and supported by Sales that the following resolution be adopted:

Resolved: That after October 1, 1935, all persons in arrears for water tax payments be required to pay a portion of their old bills with each current monthly bill.

Further be it Resolved: That the amount of such payments be not less than \$2.00 monthly, and that in case of failure to make such payments the water shall be shut off from their premises.

Passed by unanimous vote. Moved by Milnes and supported by Jensen that the following resolution be adopted:

Whereas: On the 9th day of November, 1934, the Council of the Village of Grayling did authorize its President and Clerk to enter into a loan and grant agreement with the United States of America for the construction of a waterworks system.

And Whereas: The Village of Grayling was able to sell its obligations privately and did not require the said loan from the United States of America; and

Whereas: On the 20th day of May, A. D. 1935, the City of Grayling was incorporated and succeeded to all corporate powers and obligations of the Village of Grayling, now therefore be it

Resolved: That the executed copies of the loan and grant agreement now in the possession of the City Clerk, be returned to the United States of America.

Be it further Resolved: That the new grant agreement between the City of Grayling and the United States of America be subject to the terms of which the United States of America will be granted and the

City of Grayling, not exceeding in the aggregate the sum of \$15,000.00, in financing the construction of a waterworks system, a copy of which grant agreement is filed among the public records of the City of Grayling in the office of the Clerk, and which grant agreement is hereby made a part hereof, and the same is hereby in all respects approved.

Be it further Resolved: That the Mayor of said City of Grayling be and he is hereby authorized and directed to execute such Grant Agreement in triplicate on behalf of the City of Grayling, and the Clerk of said City of Grayling be and he is hereby authorized and directed to impress or affix the official seal of said City of Grayling to each of said three copies of said Grant Agreement and to attest such seal.

Passed by unanimous vote. Moved by Olsen and supported by Jensen that the following resolution be adopted:

Resolved: That permission be granted to the Worthington Pump and Machinery Company to sublet the electrical work in connection with the installation of pumps, to C. M. Church of Grayling, Michigan, according to plans and specifications and P.W.A. regulations.

Passed by unanimous vote. Moved by Milnes and supported by Schoonover that the following resolution be adopted:

Resolved: That building permits be granted to James McNeven, fractional Lots 11 and 12, Block 33, Hadley's Amended Addition, and Merle F. Nellist, Lot 5, Block 9, Hadley's Second Addition.

Passed by unanimous vote. Moved by Milnes and supported by Olsen that the following resolution be adopted:

Resolved: That all fees rebated to the City Treasurer from the Chief of the Fire Department for attendance at fires be repaid to him in the amount of half of such fees.

Passed by unanimous vote. Moved by Schoonover and supported by Jensen that the office of poundmaster be created and that the Manager appoint a person to fill this office.

Passed by unanimous vote. Moved by Olsen and supported by Jensen that the following resolution be adopted:

Resolved: That whereas, there appears of record in the Journal of Proceedings of the Board of Supervisors for the County of Crawford, a certain resolution approved and adopted by said Board providing for the establishment of a highway to be designated and laid out over a route by which the county seats of the counties of Grand Traverse, Kalkaska, Crawford, Oscoda and Alcona would become connected and the inter-town relations better extended thereby, and

Whereas: Considerable preliminary effort was expended on this project which met with unanimous approval of the several representative bodies of the counties above named, during the year 1922, and

Whereas: Much of this proposed road was constructed and has since become in-use, and other portions thereof were left unimproved, some of the mileage of which lies within Crawford County, and

Whereas: The proposed route through Crawford County lay east and west through the center of the county, following in a general course the road established at the present time and now called the north river road, running east from the City of Grayling, and

Whereas: The Common Council of the City of Grayling, recognizing the value of the improvement of this highway to form a connection of this road with the highway system of the adjoining county of Oscoda, and upon inquiry it is found that little effort would be required to again bring this highway to the attention of State Highway officials for the completion of the proposed road to connect and complete the highway between the county seat of Crawford County and the county seat of Oscoda County, Now therefore be it

Resolved: That this body as representative of the City of Grayling do hereby endorse any movement to aid or bring about some action to bring this matter to the proper Highway Department that same may again receive such attention as may be required to bring about the construction of this highway, and by this resolution does commend such action and does urge that this matter be seriously considered in the near future.

Be it further Resolved: That this resolution be copied at length in the record of proceedings of this Board and a copy thereof forwarded to the Board of County Road Commissioners for Crawford County, respectfully asking their cooperation and concurrence in an action to promote the extension above described over such route as may

seem practicable, to continue east from the end of the present gravel road from and beyond the Feldhauser School in Grayling Township, Crawford County, Michigan.

Passed by unanimous vote. Moved by Olsen and supported by Sales that the following resolution be adopted:

Be it Resolved, by the City of Grayling: That the Clerk be and he is authorized to execute and file an application on behalf of the City of Grayling to the United States of America for a grant to aid in financing the construction of an intercepting Sewer and Sewage Disposal Plant.

That the Clerk is hereby authorized and directed to furnish such information as the United States of America through the Federal Emergency Administration of Public Works may reasonably request in connection with the application which is herein authorized to be filed.

Passed by unanimous vote. Moved and supported that we adjourn. Motion carried.

C. A. Miller, City Clerk.

An Ordinance to Regulate The Sale And Distribution Of Water In The City Of Grayling

The City of Grayling Ordains: Section 1. General.

Every consumer, owner, occupant or person in charge or control of any premises shall be subject to the provisions of this ordinance and such other rules as the City of Grayling may adopt.

Section 2. Terms and Definitions.

The following terms are herein defined: Service, service pipe, superintendent, premises, plumbing, watermain, established street grade, meter, curb cock, street portion, consumers' portion, valve with waste, corporation cock, department, owner, meter well, council, shut off, service box.

Section 3. Application for Service.

All persons shall be required to make application in writing for water service and shall be required to answer truthfully all questions regarding such application which may be put to them by an employee of the Department of Water Supply.

Section 4. Installation of Service.

No person shall make any connection with the water supply system or any repairs or alterations unless such work is done in accordance with the state plumbing code.

No such work shall be done within the street boundaries by other than the employees of the Department of Water Supply.

Service lines shall be laid not less than 5 feet below the surface of the ground.

Services shall be of not less than 1/2" in diameter.

All service pipes of 1/2" diameter shall be of copper. Those larger than 1/2" diameter shall be of wrought iron, cast iron, lead or copper.

All service lines shall have a curb cock and an iron extension service box.

Every service box shall be equipped with a cast iron cover.

No service shall be laid along the outside wall or in any position where there is danger of freezing. Every service shall be furnished with a valve with waste below the action of frost.

There shall be no connection between the pipes of the city water system and pipes receiving their supply from any other source, provided that such connection may be made if approved by the State Department of Health.

Each house must have a separate connection with the main, except where there are two buildings on one lot.

The cost of installing service pipes shall be borne by the person making application.

All right, title and ownership to the street portion of the service shall be vested in the City of Grayling.

Section 5. Meters.

All service connections must be prepared for the use of water through a meter.

On meters larger than 1/2" diameter, the property owner shall pay the increased cost thereof.

Meters shall be set in a clean, dry, sanitary place, easily accessible.

When a meter cannot be placed within the building, it shall be placed in a meter well. The cost of construction of the meter well shall be borne by the consumer.

The consumer will be held responsible for care and protection of the meter from frost or damage by hot water, or any damage due to carelessness or neglect of the consumer.

The consumer shall notify the Superintendent of Water Supply of any defect or damage to the meter.

All persons are forbidden to interfere with or remove any meter from any service connection.

No person shall break or tamper with or remove any seal which is placed on a water

meter or service box. No person shall place, or suffer to be placed any device which shall allow water to be used which does not pass through the meter.

Persons not the owners of property on which service is desired may be required to execute an application for service jointly with the owner, binding both parties to the payment of all rates and charges, or such persons may be required to place a deposit in the amount determined by the Council, with the Department of Water Supply.

All right, title and ownership of the meter shall be vested in the City.

The Department shall read all meters periodically as directed by the Council and render statement for the amount due forthwith.

Section 6. Maintenance of Service.

Every consumer shall, at his own expense, keep in repair the Consumer's portion of the service. If such service is not kept in repair the Superintendent of Water Supply may shut off the water from the premises.

Repairs to the street portion of the service shall be made by the Department of Water Supply. The cost of these repairs will be borne by the Department.

Section 7. Access to Property.

The officers and employees of the Department of Water Supply shall have access to the consumers' premises for the purpose of inspecting pipes connected with the water supply system. In case such entry is denied the Superintendent may turn off the water from the premises.

No person shall obstruct access to any shut off, curb stop or water meter.

Section 8. Hydrants, Valves, Etc.

No person shall take water from any hydrant, valve or faucet without first making application for the use of water.

No person shall tamper with any valve, hydrant or curb stop without first obtaining permission from the Superintendent of Water Supply.

Section 9. Shutting Off Water Service.

The Consumer may notify the Superintendent by two day's notice in writing that water service is not desired, and the Superintendent shall cause the meter to be removed from the premises. When the consumer desires to have service reinstated, the fee as established by the Council shall be paid by the consumer.

Where the water supply shall have been shut off under the direction of the Superintendent the water shall not again be supplied to the premises until all fees and reconnection charges shall have been paid.

If it shall be found that the water supply has been turned on in violation of this ordinance, the Superintendent of Water Supply shall have the authority to sever the service pipes.

Where service is severed, such severing shall be done as near the watermain as practicable, and no water shall again be supplied to the premises until the cost of such severing and any other unpaid rates shall have been paid.

If any payments or fees remain unpaid for a period of thirty days after the due date, the Superintendent may turn off the water until such time as all fees have been paid.

Section 10. Fire Protection.

Whenever there is an alarm of fire every consumer shall stop all sprinkling and other needless use of water.

Section 11. Rates.

Rates, penalties for non-payment, discount for prompt payment, amount of consumers' deposits and the manner of making payment, shall be established by the City Council.

The Superintendent shall certify to the Council any charges which remain unpaid. The Council may direct the proper officials to spread these amounts against the real property on which service was rendered and the amounts so spread shall become a lien of the same character and effects as the lien created by state and county taxes.

Section 12. Services Outside the City.

Service will be supplied outside the city after execution of an agreement between the consumer and the City of Grayling.

Section 13. Penalties.

Violations of this ordinance are subject to a fine of not to exceed \$100.00 or by imprisonment not to exceed ninety days or by both such fine and imprisonment.

Section 14. Severing Clause.

If any portion of this ordinance is declared unconstitutional or invalid the remaining portion shall be and remain a valid ordinance.

Section 15. Date of Effect.

This ordinance shall take effect the first day of October, A. D. 1935.

THROUGH A WOMAN'S EYES • BY JEAN NEWTON

THE WOMAN OF FORTY CAN MARRY IF SHE WANTS TO

WE HAVE news from England that spinsters of forty are holding their own. And by holding their own we mean not having a good enough time, thank you, but in getting husbands if they want them!

The news comes in the form of statistics that one out of every 34 English brides today is forty years old or more.

And that does not include widows or divorcees.

The actual number of brides over forty recorded was 9,170, "thus giving further evidence," it is commented, "that the woman of forty is still a very vital and engaging personality and can easily hold her own when she chooses to enter the matrimonial market."

That comment, let it be remarked, is definitely a matter of supererogation. We knew it all along. That is, every thinking person knew it.

Our information from England is concluded with the statement that the most popular age for brides is still twenty-two. We might have surmised that too. There is no denying the attractiveness, the delectability of the downy cheek and pearl-like contours of twenty-two.

But there is no denying either, the value, in marriage, of the developed sense of humor, the perspective, the consideration and understanding, that are the result of more years of life.

We are not holding forth that forty is the ideal age for a woman to marry. But we do affirm without hesitation that the woman of forty can usually "hold her own" as the report says, "if she chooses to enter the matrimonial market" and there is no reason why she shouldn't.

Early Corner on Hogs

For the purpose of getting up a corner on stock hogs, a nation-wide syndicate was formed in 1850 by men of abundant capital with their headquarters in Ohio located at Columbus. Sending its agents practically everywhere, says the Cleveland Plain Dealer, the syndicate was rapidly gaining control of all the young hogs in the market. The men behind the organization seemed to be making a clean sweep of southern Ohio, and before the magnitude of their operations was discovered, they had secured control of almost every stock hog in Ohio as well as the other states.

Camp News

Camp Higgins

An indefinite suspension in plans for this company to divide and occupy the proposed CCC camp site near Moorestown has been ordered by Camp Custer authorities. Had the original orders been carried out half the company would have gone to the new camp by the last of this month.

L. B. Merritt, the educational adviser, is on the program for a discussion of camp papers at the conference of men occupying these positions in the Camp Custer CCC district. The meeting will be held at Mackinac Island Friday, Saturday, and Sunday.

Members of the work crews enjoyed a special holiday Monday. No time was lost to the work project, however, as this vacation was in compensation for working Saturday, August 31.

Mr. and Mrs. Rex Grant entertained the members of his ground survey crew to a dinner at his home one evening last week. Cards occupied the evening.

Capt. N. D. Young returned to his station at Fort Sheridan Friday, being relieved of his duties as sub-district commander by Major Chas. E. Howard.

It has been announced in "Happy Days," the national CCC paper, that those whose periods of enrollment expire October 1st would not be forced to accept discharges. Capt. Murphy says he has so far received no official communication to this effect, but is of the opinion the statement has been based on authentic information. Quite a few in this organization have expressed their intentions of leaving at the end of this month.

A total of 416 books was circulated from the camp library in August to 133 enrollees. The library has been considerably improved by construction of a new case for the books by Wallace Knott, LEM from Roscommon.

A new class in first aid will start next Monday night. A large enrollment is anticipated.

Henry Moore war veteran cook with this organization who was recently discharged for having served the limit of time permitted with a junior organization, was enrolled with the veteran company at Eldorado and left last week for his new duties.

Camp Au Sable

Prof. Morofsky gave a very interesting talk on insects Monday evening, September 9. Nearly every member of Camp AuSable attended and Camp Hartwick Pines and Higgins Lake, and Pioneer sent about fifty enrollees to hear the talk. Lieutenant Allen introduced Captain Youngs who is to resign as district commander. The new District Commander, Major Howard was also introduced. After a few words from these officers Prof. Morofsky began his lecture.

He told about the simplicity of an insect's makeup, and how hard it is to eradicate them because of this. He also stated that four-fifths of the life on the earth's surface is insect life. He then explained numerous details about insect life and revealed that they live in a very interesting manner, and do not merely exist as many people think. The Professor gave various reasons for the extensive research work on insects. The one main reason seems to be that they are destroying more timber every year and are also very destructive to

fruit. The talk was enjoyed by all who heard it and nearly everyone learned something new and interesting about insects.

Refreshments were served after the lecture.

Camp AuSable completed two projects Monday, September 9, which have been in progress for two weeks. One is the AuSable Thunder Bird and the other a backboard for basketball. The Thunder Bird comes from old Indian lore and is designed to keep away evil spirits. "Tex" Buchen, Educational Adviser, supervised and worked on these projects with the aid of the following enrollees: Bill Thompson, Art Sanscrainte, Max Williams, But Beasrs, Bob Coulter and Steve Yurisch.

Lt. Barr, second officer of Camp AuSable, left Monday, September 9 for a five days leave which he will spend visiting his parents in Grand Rapids.

Hartwick Pines

Quite a number of boys went to Camp AuSable Monday night to hear Prof. Morofsky deliver an interesting lecture on insect life.

Captain Bryant made a business trip to Camp Custer on Tuesday.

Twenty-three new men arrived here Sunday morning from Camp Custer. They are from Emmet and Charlevoix counties and they all look like promising enrollees.

Mr. Smith accompanied by Romulus Mathes, Kenneth Parker and Harry Robinson, motored to Gaylord Sunday afternoon where they took in the rodeo. Afterward they drove to Hillman and returned by way of Camp Lunden.

Joseph Kudjia, assistant to the educational adviser, is visiting his home in Kalamazoo this week.

Lt. Pierson will go to his home in Madison, Wis., next week. Mrs. Saunders may accompany him as far as Chicago.

Due to the absence of Dr. Raff from Camp AuSable because of his wife's prolonged illness, Dr. Gottlieb is looking after his duties there.

Mr. Smith and Joseph Kudjia will go to Mackinac Island Friday where they will attend a conference of Custer District Educational Advisers.

A Shrine To "King Pine"

A shrine to "King Pine" and the early lumbermen of Michigan has been constructed in Hartwick Pines State Park northeast of Grayling in the form of a typical lumberman's camp, containing replicas of a camp mess hall, kitchen and workshop.

The buildings are of log construction and were built by CCC men under authorization of the National Parks Service and the Department of Conservation. The Parks Division of the Department intends to maintain them as a logging-camp museum and is desirous of obtaining relics of the lumbering industry for exhibition.

Old lumbermen of Michigan are asked by W. J. Kingscott, state park superintendent, to make contributions to the museum. Among the articles being sought are: Typical old cooking utensils, logging tools, such as saws, peavies, axes, pike poles, skidding tongs, leather bellows, watering sleighs, four-foot dinner horns and camp heating stoves and cooking ranges.

Any article which may commonly have been found in the early lumber camps would be gratefully received, Mr. Kingscott said.

The museum is unique in Michigan in that the buildings were designed and built after the plans of a typical logging camp and already contain many old relics. It is located near the stand of virgin pine timber, which is one of the principal attractions of the park. The buildings are complete and are now open to visitors.

Hartwick Pines State Park was recently dedicated to Major Edward E. Hartwick, who died in France during the World War and whose widow presented the land to the Department of Conservation.

Recreational Notes

The second half of the softball schedule finished last Thursday. Spikes team were the winners of this half. The Chiefs finished second and Beaver Creek third.

The final games played last Thursday were between Beaver Creek and Northern Stars; the Lake team and Spikes; and the Rebels and Chiefs.

The Lake team was beaten by Spikes, 12-4. Beaver Creek came out best against the Northern Stars in a very wild game, 9-6. Many errors were made by both teams. The Chiefs and Rebels hooked up in a slugging duel. The Chiefs did the hardest slugging and scored an 18-10 victory.

Three teams were shut out during this half of the schedule. The Chiefs shut out Spikes team 1-0. The Northern Stars blanked the Rebels 22-0 and in return were blanked by Beaver Creek 13-0.

Spikes team scored the highest total of runs, making a total of 152 runs during the last half. They also scored the most runs in a single game, 24 being the total, and had the least runs scored against them, 60 in all. The Chiefs had the next best defensive record with only 61 runs scored against them. Beaver Creek was next with 62 runs for their opponents. The Rebels scored only 87 runs and had 255 runs scored against them. The Northern Stars had 138 runs scored against them for the next highest. The Lake team nearly broke even. They scored 119 runs and had 118 scored against them.

League Standings	W	L	Pct.
Spikes	14	1	.933
Chiefs	11	3	.785
Beaver Creek	8	5	.615
Lake	5	9	.357
Northern Stars	5	10	.333
Rebels	0	15	.000

The first half of the schedule ended in a tie between Spikes and the Lake team. These two teams are expected to meet next Sunday afternoon to settle the tie game. This game will be played about 2:30 at the ball park and is expected to be one of the best of the season. If the Lake team wins this game the two teams then will meet again to battle for the city championship.

Elmer Fenton.

NEWSPAPER COVERAGE

Few people realize the actual coverage of even the most modest country newspaper. Not long ago an advertising expert was quoted as saying that careful research had ascertained that a certain well known metropolitan paper is read, on an average, for the space of twenty minutes, while the average country newspaper has a "reading life" of three hours to its credit. It is kept around the house for a week. This is something for both subscriber and advertiser to think about.—Herman Roe.

AMONG THE RESTAURANTS

(By J. Wellington Bumsted)

To tell you the truth, last week's "Restaurant Items" didn't go over so big. There were no compliments but plenty of suggestions and criticisms, both of which I welcomed because I believe it gives me an idea of what the people want.

One Restaurant owner is reported to have remarked to another, "They don't cover enough," he complains. "Just a short time ago, I blew up my perfectly good gas range, at the same time taking a big chance on losing my imported Cuban cook—and what kind of a write-up do I get. (The fire department was called out merely as a precaution) was the way the Avalanche put it."

I want to make a public apology, Mr. Restaurant man, next time you blow up your stove I promise to give you a better write-up.

Even the boss, O. P., jumps me. "Look," he says, "You're terrible. You gotta make 'em laugh," he says. A lot he knows about it. With meat as high as it is, it's almost impossible to make a restaurant man laugh; hard enough to enjoy himself.

It made me pretty mad when he told me that. I wanted to drop it. "I'll quit," I says, "I'm resigning!" But he came right back at me. "No," he says, "You got to see us through on this." What he meant to say was, "You've buttered your bread, now you'll have to lie in it." So that's that.

The trouble is—you fellows don't give much of a chance. Last week I went to see Blackie about his opening and he put me off. "I may not be able to open Thursday," Blackie says. "My table and chairs may not get here in time." Just as though the average citizen cares about the table part as long as there happens to be a handy window-sill or something to set his bottle of beer on once in a while.

Blackie was real nice about it, though. Gave me all the low-down on the opening, which will be found some place else in the column.

So, now for the news-part.

What might have been a calamity was averted this week, when Mrs. Kenneth Clise discovered papa Clise in the act of trying to feed a Fischer Special hamburger to his small daughter.

"Ken," she cried, "You shouldn't feed her hamburgers. She's less than two weeks old."

"But she will gain pounds!" Ken says.

"Well," says mamma Clise, slightly mollified, "You might at least take out the pickle. You know very well she hasn't any teeth yet!"

Miss Emma Lovely of Maple Forest has recently been acquired by the Fischer hotel. Although fairly young in years—about eighteen, I think—our Emma knows the restaurant business from A to Z, having acquired her knowledge from an older sister, who worked in those places for years.

In spite of the recent cold wave, the local youngsters are "guzzling" sodas instead of hamburgers. The only reason I can think of is because Clara Atkinson, who used to be one of the waiters at Lovely's Restaurant, is now a "soda jerk" at Mac & Gidley's drug store.

The local girls will be pleased to learn that Lovely's have a new waiter—He's Oscar Goss, married, but v-e-r-y popular.

By the way, the Bill LaGrows' are taking it upon themselves to move from the apartment over the Hanson restaurant to the A. J. Nelson apartment. Bill is one of the "counter hoppers" at the Hanson restaurant.

"Blackie's" new restaurant is now open for service! Thursday evening marked the opening and the American Legion boys furnished the music, making the rounds of the business places and pleasing the public with their much improved "drumming and belling." We are pleased to welcome Blackie into our Restaurant list and he has asked us to tell you that he has very good service and medium prices. The waiters are Russell Peterson and Aubrey Blaine and Mrs. LeVan is also assisting.

YEARNING UNSATISFIED

A celebrity was placed next to a talkative and inquisitive maiden lady, who bored him excessively with her questions.

"Tell me, won't you, what was your greatest ambition as a child, and have you attained it?" she asked.

The celebrity looked at her sadly and said: "Madam, I attained my boyhood ambition."

"And what was it?" "Madam, my great ambition was to throw an egg into an electric fan!"—Stray Stories Magazine.

There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types—the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine—an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a

car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful... three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

Shall U. S. Own All Munition Plants

SUBJECT FOR HIGH SCHOOL DEBATE

Shall the United States own all munition plants in order to control the sale of arms from this country to warring nations, and thus foster world peace, or, as in the past, permit private manufacturers to make and sell them where they will and promote war, is the basis for argument in "Nationalization of Munitions," the subject for the nineteenth annual high school debates sponsored by the Extension Division of the University of Michigan. Will the recent Neutrality Act passed by the Congress successfully accomplish this without the course suggested, is a timely angle to the question in view of the imminent Italian-Ethiopian conflict and general European war which it threatens to precipitate. Last year Monroe High School won the State Championship in competition with about two hundred high schools on the subject, "Federal Aid to Education."

Dr. W. D. Henderson continues as Director of the Extension Division of the University of Michigan, and Dr. William P. Halstead is Manager of the Forensic Association.

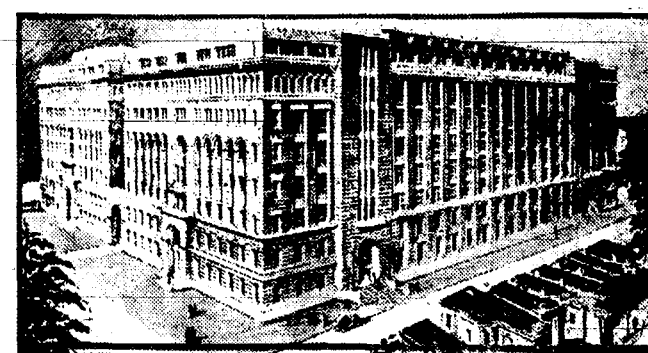

WINE MAKERS ARE WARNED: MUST HAVE SPECIAL LICENSE

Making a jug of wine even for personal use is positively and absolutely illegal without a special license. The federal Alcoholic Tax Unit has issued a warning to all wine makers to this effect. The permit to make wine in the home must be secured five days before starting and is only good for 200 gallons which is as much as any one family needs according to the government specialists. If wine is made illegally it will be confiscated by the government and the offenders prosecuted.—Chesaning Argus.

When Dawn Begins

Dawn begins when the sun is 18 degrees below the horizon. Its duration therefore varies with the latitude and season of the year.

Uncle Sam's New Printing Office

THIS is the new government printing office in Washington. That is, it is the architect's drawing of the building which is to be erected to replace the present out-of-date and rather dilapidated structure. The new office will be on H street.
